

SUNSHINE SUSTAINABILITY GRANT EVALUATION REPORT

Presented By Sunshine Quality Solutions

This form must be submitted within 12 months of receiving funds. Failure to do so may result in automatic disqualification in future grant opportunities. Evaluation report must accurately describe the expenses and outcomes express in your Sunshine Sustainability Grant Request. This document should be used as a cover page to the narratives described in the sections below.

Recipient Information

Chapter Name: Folsom Jr. High

Contact Name & Position: Laura Ragas - Advisor

Email Address: laura.ragas@stpsb.org Phone Number: (985) 796-3724

Grant Cycle Date: Aug. 2022 Awarded Amount: \$681.00

Project Summary

In a brief paragraph describe the following

- Project's purpose
- Intended Audience
- Key Activities

Budget

In a list format please describe the following; supporting attachments such as receipts or original application may also be included.

- Estimated expenses prior to start
- Actual Expenses
- Estimated Revenue prior to start
- Actual Revenue
- Estimated Profits prior to start
- Actual profits

Outcomes

In a brief paragraph describe the following

- Intended Outcomes
- Explanation of if intended outcomes or goals were achieved
- Explanation of if any intended outcomes or goals were not achieved
- Any unintended outcomes

Conclusions

In a brief paragraph describe the following with attachments

- How the project could be more sustainable in the future
- Plans for funding the project in the future
- Attach at least 4 photos or videos of the project in action.

Re: Sunshine Sustainability Grant Evaluation Report

Project Summary:

The purpose of this project is to grow succulents via asexual propagation, decorate pots to plant each succulent into, then sell the potted plant for a profit. The intended audience will focus on friends and family of students and staff as well as community members. The key activities are sales at school and local businesses.

Budget:

Estimated expense: \$681.00

Actual expense: 685.35

Estimated revenue prior to start: \$1,000

Actual revenue: Once we use all of the supplies purchased, our club should make over \$1,960. We need more time to grow the plants than first expected, so the time frame to make this profit has been extended.

Outcomes:

The intended outcome of this project is to sustain an ongoing plant sale fundraiser year to year. The supplies purchased with the initial grant will allow us to sell enough plants to exceed the projected income and invest at least 25% of our total profit back into more supplies. The only unexpected outcome that arose was the amount of time it would take for succulents to grow to the projected size we would like to pot and sell. The plants that we initially started were just getting to the size we needed when school ended. We have already started more plants for next year to be ahead of the game.

Conclusion:

This project could be more sustainable if we use faster growing plants, but because the plants we are currently using are free, it's the best scenario for now. Plans to fund the project in the future will stem from the profits received in our first sale planned for early August 2023.
